THE THEATERS

(Continued from page 7.)

deals with a chief clerk in the war office who is in love with a beautiful girl from Mexico, who is a schemer and a diplomat. Having made a favorable impression upon the vain and weak clerk, she secures a conference with him, at which she adroitly admits that she is a spy for her country. An important document is wanted by the Mexican girl's government and she works the weak clerk to obtain it. She writes a note making an appointment. "If you find that you need money and can secure the document described, bring it to me at the inaugural ball."

The scene of the inaugural ball is one of the most pretentious ever staged. High government officials in full dress, ambassadors in their costumes of office and the military in their showy uniforms with epaulettes and gold lace, are all there, while the feminine toilets have happy hints from every capital in Europe.

This picture is described by all who have had the pleasure of seeing it to be the greatest production ever put upon canvas.

The Saturday show will be scenes in Ohio and Indiana. With characteristic enterprise, the General Film service offers the first motion pictures of the recent disasters in Ohio, Indiana and Nebraska. The expense of making these pictures and the dangers to which the camera operators were exposed in their almost frantic efforts to be "the first in and the first out" are not material. The important thing was that the films were secured, and such films the world has never before seen. The reels are devoted to the Ohio and Indiana floods, thrilling scenes of rescues in the swirling waters of the floods, panoramas and birds eye views, yes birds eye views made from an aeroplane piloted by an aviator accompanied by "The Sky Photographer", as a passenger.

Destruction and devastation there, all as vividly described as in the newspapers, are incidents in these remarkable reels of actual disasters that assume the proportions of national calamities.

This thrilling reel will be shown with the regular performance at the Bijou all day Saturday, April 12. Strictly motion pictures. No glass slides. Usual Saturday prices.

Once in a decade some playwright gets his original life for a play and when he has captured it his fortune is made for life. The example par excellence of the high premium paid by the world on new ideas for its diversion is "Excuse Me", the Pullman car carnival, which Henry W. Savage offered to the American public some three years ago with Rupert Hughes's name appended as the author. This farce lived for nine months at the Gaiety theater on Broadway, its fame as a laugh inspirer growing from coast to coast spreading ripples of merriment in ever enlarging circles until it threatens to engulf the universe in its vortex of fun. Clarksburg will add to the laughter ripples caused by "Excuse Me" when it appears at the Robinson Grand Tuesday, April 15.

In the Paul J. Rainey African Hunt Pictures, that will be seen at the Robinson Grand April 17, 18 and 19, a number of facts not generally known concerning natural history, are clearly brought out.

A picture is shown of a herd of zebra, numbering one thousand, led by a wildebeest. It seems that the male wildebeest, which belongs to the "gun" family, when driven out of his own tribe, is more powerful, and seeks out a herd of zebra, appointing himself their leader. As long as he continues uttering a sound resembling the rough, sharp growl of a bear, the zebra follows his lead perfectly secure that no enemy is near. The moment the leader scents danger, the fact is communicated to the herd of zebra by the silence of the wildebeest, and they immediately stampede.

The slides of the Ohio, Indiana and Nebraska disaster have arrived at the Odeon and they prove to be a very interesting set of views. They show the cities in the time of the high water and the trials the people were obliged to put up with. The slides will be run at every show for the balance of the week.

BOWLING NEWS

Gore Team Leads League.

As a result of defeating the Monarch duck pin team of the Valley League three straight games on two Monarch alleys at Mannington Tuesday night the Gore alley duck pin team of this city is leading the Valley

League. The games at Mannington Tuesday night were all record breakers and the scores hung up in that contest will more than likely stand all season. Harry Davidson, of the local team, had high score and high average for the evening, rolling 146 in the first game and averaging 128 for the evening. When one considers that the men in this league are only rolling two balls, this record is one to be proud of. Captain Dresbach also had a good evening, averaging 125 in the three games with a high score of 138. Bert Gain, low man on the team, had a good score, averaging 111 in the contest.

MOUNT CLARE

MT. CLARE, W. Va. April 10—

A young man who gave his name as Lewis Cain, of Buckhannon, came near losing his life Tuesday evening by jumping from a traction car while in motion near the West Fork coal tippie. The car was stopped and backed to where he was still lying where he fell, and he was soon revived and it was learned that soon revive and it was learned that no bones were broken, and aside from some cuts and bruises about his head from which the blood was trickling, he did not seem to be seriously hurt.

William Shriver, who has been engaged with the Hutchinson Coal Company for several years, moved his family to Monongah this week.

L. J. Davidson is assisting County Assessor Robinson in the assessment of property this year. He is now at work in Clarksburg, and is serving his fifth year in this work.

Several of our people were at Clarksburg Tuesday to witness the progress of the election. They reported everything quiet.

J. M. Jackson, of Parkersburg, is here on a brief visit.

GOOD DIGESTION MEANS A JOYOUS LIFE

Mi-o-na for Out-of-Order Stomachs.

Who ever heard of a oily dyspeptic? Merriment and indigestion are as far apart as the North and South poles. The dyspeptic should not be blamed if he is blue, irritable, or grouchy—he can not help it.

No one who has a coated tongue, dizziness, nerves on edge, sour and gassy stomach, and knows that he cannot eat a hearty meal without stomach distress, can be sweet tempered or enjoy life.

Why allow this condition to continue? Mi-o-na, a specific for out-of-order stomachs, can be had from any drug store on money-back if not benefited plan.

Mi-o-na is not only a digestive which gives prompt relief whether taken after meals or at any sign of stomach distress, but contains ingredients which strengthen the walls of the stomach, stimulate the flow of the gastric juices, and restore the digestive organs to a normal condition.

The stomach must digest your food readily and supply the body with its proper nourishment before you can be well, strong, or have life assume anything but a gloomy aspect.

If you have any symptoms of a disordered stomach, begin the use of Mi-o-na at once—today. Why wait? Stomach ills usually lead to something serious. Always keep Mi-o-na in the house—carry it when traveling. You have nothing to lose—for money refunded if not satisfied. Wells-Haymaker Co. and druggists everywhere. A large box 50c.—Advertisement.

This remedy has a world wide sale and is used and can always be depended upon. Sold by all dealers.—Advertisement.

Anty Drudge in Court

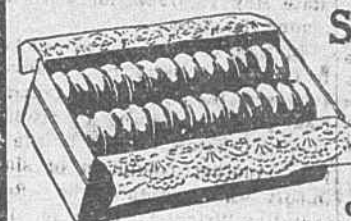

Prisoner's wife (relenting)—"Yes, he did strike me, but it was partly my fault. I was washing all day and was bad-tempered and didn't have his dinner ready."

Anty Drudge—"Please, your Honor. If you'll just sentence the prisoner to buy his wife Fels-Naptha Soap it will end their wash-day fighting. She won't have half as much work then, and there'll be plenty of time to get dinner. She won't be tired and cross, either."

Do you spend 52 days of the year washing clothes? Fifty-two days bending over a tub of nauseous, steaming suds and 52 days of hard rubbing on a washboard? Then stop it. Nature didn't intend any woman to work like a slave. Fels-Naptha will cut down the time spent in washing at least half. It will cut out the boiling, the steaming suds, the hard rubbing.

Fels-Naptha Soap will separate the dirt from your clothes while soaking in cool or lukewarm water, so that a light rubbing and a simple rinsing will leave them clean and pure—ready for the line.

Look for the red and green wrapper.

Mother's Advice To Her Daughter

A Real Live Doll to Fondle Is Woman's
Greatest Happiness.

One of the most important matters about which women concern themselves is their future status as a grandmother. And she is wisdom itself who knows of or learns of that famous remedy, Mother's Friend. This is an external application for the abdominal muscles and breasts. It certainly has a wonderful influence, allays all fear, banishes all pain, is a most grateful encouragement to the young, expectant mother, and permits her to go through the period happy in mind, free in body and thus destined to anticipate woman's greatest happiness as nature intended she should. The action of Mother's Friend makes the muscles free, pliant and responsive to expansion. Thus all strain and tension upon the nerves and ligaments is avoided, and, in place of a period of discomfort and consequent dread, it is a season of calm repose and joyful expectation.

There is no nausea, no morning sickness, no nervous twitching, none of that constant strain known to so many women, hence Mother's Friend is really one of the greatest blessings that could be devised.

This splendid and certain remedy can be had of any druggist at \$1.00 a bottle, and is sure to prove of incalculable value, not only upon the mother, but upon the health and future of the child. Write to Bradford Regulator Co., 132 Lamar Bldg., Atlanta, Ga., for their book to expectant mothers.
